

KURT RUSSEL DESTRAJO

Inayupan Javier, Leyte • kurtrusseldestajo@gmail.com • 09603662727

EXPERIENCE

Symphonics Co. Ltd. | Front-End Developer Intern (1 Year)

- Spearheaded the front-end development and architectural refactoring of corporate web applications using Next.js.
- Standardized system modules and integrated advanced data table rendering to optimize data handling and performance.
- Resolved complex Next.js build and pipeline errors and system bottlenecks to maintain continuous deployment and high-quality production standards.
- Collaborated closely with cross-functional development team members to synchronize codebase modifications and guarantee UI consistency across modules.

EDUCATION

ACLC College of Tacloban | Tacloban City, Leyte — *Bachelor of Science in Computer Science* | *Expected Graduation: 2026*

Abuyog Academy Inc. | Abuyog, Leyte — *High School Level* | *2016 – 2022*

ACADEMIC & PERSONAL PROJECTS

Notepad App with AI (Prefinal Project) | *Project Developer*

- Developed a Flutter-based notepad application that scans PDFs and utilizes OpenAI to provide explanations.
- Implemented a Firebase login system to ensure secure authentication and access control.

Sari-Sari Store POS | *Project Developer*

- Built an offline point-of-sale and inventory system using Flutter and SQLite with product search and stock deduction.

GCash Payment App Prototype | *Project Developer*

- Created a mobile application prototype designed to simulate QR code scanning and payment processing via PayMongo.

LEADERSHIP & ACTIVITIES

- Developed full-stack and mobile applications simulating real-world scenarios (GPS tracking, inventory, mobile payments).
- Created clean UI/UX mock-ups and prototypes using Figma to establish design language and user-centered architectures.
- Completed specialized training: Mobile Programming 2 (Flutter), Web Development (React.js), and Backend Programming (Django/PHP).

SKILLS & INTERESTS

Technical (Frontend): Next.js, React.js, React Native, Flutter, Dart, HTML, CSS, JavaScript, TypeScript, Vue.js, Tailwind CSS, shadcn/ui

Technical (Backend): Django, PHP, Node.js, REST APIs, JWT/OAuth, Firebase, Supabase, MySQL, SQLite, PostgreSQL, Prisma, Sequelize

Tools & Hardware: Git, GitHub, Docker, Postman, Vercel, Figma, Android Studio, X code, Linux Terminal, PC troubleshooting, OS installation, basic networking

Language & Interests: Proficient in English and fluent in Filipino | Resolving complex tech problems, gaming, electronics modification
